

# AUDITOR THINKS CITY LOSES MONEY IN SOME CASES

Certain Prosecutions Should be Brought Under Bylaws Instead of Criminal Code.

In pursuance of his duties in connection with the auditing department of the city, A. N. Mount has discovered that apparently there is a large number of cases where the city is losing money by cases being tried under the criminal code when they should be prosecuted under city bylaws.

During the month of August the auditor has analyzed the list of cases and selected those which he thinks should be the subject of an investigation. The commissioners decided to refer his letter to the chief constable before taking any further action in the matter.

The letter submitted by the city auditor contains the following information:

In connection with the audit of the affairs of the police department, it would appear possible that money is being lost to the city by cases being tried under the criminal code instead of under city bylaws. The understanding of the cases tried during the month of August which it would seem advisable to investigate.

August 1, M. North, vagrancy, \$10.00.

August 2, N. Ryan, assault, \$10.00.

August 3, D. Fisher, vagrancy, \$10.00.

August 4, J. Kees, exposing fruit not covered, \$5.00.

August 7, P. Harris, obstructing police officer, \$20.00.

August 8, G. Frank, depositing refuse on public ground, \$10.00.

August 9, A. Charkovsky, assault, \$10.00.

August 12, J. J. McConnell, no license, \$10.00.

August 14, A. G. Higgins, assault, \$5.00.

August 15, W. C. Cleeve, obstructing police officer, \$10.00.

August 16, A. H. Odo, excessive employment, \$10.00.

August 18, A. Swander, impersonating a police officer, \$10.00.

August 18, W. C. Cross, assault, \$5.00.

August 23, 27 cases, "frequenting disorderly houses."

August 23, H. Porter, excessive employment, \$5.00.

August 25, G. Golub, assault, \$10.00.

August 25, T. Blum, vagrancy, \$10.00.

August 30, J. Gashkin, creating disturbance, \$10.00.

With regard to these cases above mentioned for frequenting disorderly houses, (\$870) there is on file in the office of the chief of police a bylaw which states that the validity of which would seem to be in doubt; it is not dated, and while numbered No. 5, it does not correspond with the bylaw on file in the city clerk's office. I am aware that it has been held that a city bylaw covering frequenting of disorderly houses has been held to be "ultra vires" inasmuch as that offense matter is still, inasmuch as a debatable matter, and if the city bylaw covering that offense is valid, then these cases should be tried under the bylaw in question. The fines resulting from these cases should come to the city instead of the government. In discussing this matter, the chief constable said, "I was given to understand that in the year 1912 something like \$13,000 had been collected in fines for that particular offense and handed over to the government." This may perhaps emphasize the necessity of having a bylaw made so as to how the information in similar cases should be laid in the future—under the city code or under the criminal code. I am inclined to think that it is thought well to add that from information received cases covering the above mentioned parties, the city of Edmonton, prior to date of annexation with the city of Edmonton, were tried under the city bylaw and the fines thereof held by the city.

"It will be noted above that other offenses are referred to, such as vagrancy, etc., and as above referred to, I have been unable to discover any bylaw covering them, and do not know if there is such in existence."

"The whole question, covering as it does cases involving no monetary loss to the city or cases for investigation."

# CLOSE SEASON ON PHASANTS AND ON PARTRIDGES EXTENDED.

The chief game warden announces that the close season for Hungarian pheasants and Hungarian partridge, which has heretofore expired on August 1, has been extended until the 31 day of December, 1913, in accordance with the powers vested in the lieutenant-governor-in-council. This order covers all sections of the province where these birds are found.

# PEACE CENTER BY MEETING TONIGHT

General Secretary Scammell Will Address Notable Gathering in Council Chamber.

In the council chamber tonight at 8 o'clock there will be a representative gathering of the citizens of Edmonton to hear an address delivered by E. H. Scammell, the general secretary of the International Peace Officers' Association. At this meeting a large committee will be formed to take further steps in promoting the peace center of Edmonton. A fitting celebration to mark the peace center between Canada and the United States.

Over 100 invitations have been sent out by Industrial Commissioner Hall. Lieutenant-Governor Byles has been asked to preside at the meeting. Among those invited are Premier Short, members of council and the commissioners; members of the school board and all school principals; governors of the University and professors; ministers of all churches and many other prominent citizens.

Mr. Scammell represents the central committee of the peace center, the headquarters at Ottawa, and is traveling through Canada and organizing the peace center. He has been asked to carry out the arrangements for the series of events which will mark the celebration of the peace center. He was brought to the attention of the city council last Tuesday evening by Mr. Scammell. The council endorsed the movement and authorized Mayor Short to name a committee of council to carry out the arrangements. The committee named by the mayor consists of Aldermen Smith, Walsh and Driscoll.

# ALBERT VARSITY AGAIN OPERATES

Total Enrollment Expected of Over 500—Lectures Begun on Saturday.

The University of Alberta resumed its first day of lectures, and already the students are drifting back to the university. The validity of which would seem to be in doubt; it is not dated, and while numbered No. 5, it does not correspond with the bylaw on file in the city clerk's office. I am aware that it has been held that a city bylaw covering frequenting of disorderly houses has been held to be "ultra vires" inasmuch as that offense matter is still, inasmuch as a debatable matter, and if the city bylaw covering that offense is valid, then these cases should be tried under the bylaw in question. # BOREFORE BENNETT TO THE RESCUE

The Master Mind of the Tory Party Comes to Dictate Their Policy.

The proposal of Mr. J. D. McArthur with reference to the construction of the Alberta and Great Waterways railway will come before the legislature for first consideration when the house meets at 1 o'clock this afternoon. No further delay in dealing with this question will be permitted by the government. The opposition members have not outlined their policy, but they are expected to argue and procrastinate in an effort to make political capital out of the question, it being all they have to fall back upon.

# Bennett to the Rescue.

Officers of Both Nations Jointly Discuss Movement—Grecian King Matters Home.

Sofia, Sept. 29.—Colo. Albanese, Greek attaché to the Bulgarian legation, says that confidential conferences were held at Constantinople between General Savov, the Bulgarian delegate, and the Turkish military officials, at the conclusion of the regular peace conference. Reports have been received that Bulgarian and Turkish officers have been discussing a joint military advance towards Kavalo. In view of the fact that the Turkish army is still in fighting line in Thrace, the current reports add, Athens feels that it must be prepared for any eventuality. It is believed that these reports have hastened King Constantine's return home.

## Actress Causes Sensation

### High Conspicuous Nose Ring

Marked for identification by a pearl nose ring, so conspicuous in size as to make her unmistakable in any company, Mile. Polaire, the French actress, arrived in New York recently on board the Provence, of the French line.

On the voyage Mile. Polaire and her husband, Mr. Edgar Deshayes, took part in a concert, playing the sketch which they present in the United States. Both delighted the passengers with their acting.

Mile. Polaire has come to join Lady and she was still bowdler the last of the pet pig which dropped from her arm as she stood at the ship's rail.

**TANGO DOWN.**

We have had the "tango" gown; now has descended upon us the "tango" petticoat. This latest addition to the wardrobe of the fashionable woman is made of but two pieces, with seams at the side, which, needless to say, are open to a point just above the knee. The front and back breadths of the petticoat are scalloped, sloping gradually up to the joining of the seams at the knee. The garment in this style is edged with a pleated ruffle of the silk of which the skirt is made, but lace of almost any kind would be nearly as effective. To regulate the height of the skirt slashes on each side of the openings there have been sewn eroded rings, through which a lacing of ribbon is passed.

**THE NEW WALK.**

The latest is a new mode of walking—described thus: "A stealthy cat stride or 'tango'." If you are a canny lass with a Mae to your name, you will choose your own personal cat stride for your appropriate mode, and thereby fill with envy those unfortunate who cannot thus turn their family crescent to sartorial account.

I am told that the thing to do if you have a soul is to find some day of a universal soul and then have the fun of your life.

## KATHRYN KIDDER

### STELLAR ACTRESS

### Well Known American Player Will Entertain Edmonton for Three Days

In the person of Miss Kathryn Kidder, who headlines the Orpheum vaudeville shows at the Empire theatre, the first half of this week, Edmonton is host to one of America's best known actresses. Miss Kidder is best known for her work as the "washerwoman duchess" in "Madame Sans Gêne," the greatest success of her career. This stellar company is almost as favorably recognized as starring in the original American production of "Little Lord Fauntleroy." "Held by the Enemy," and several other well remembered dramatic comedies. She is supported in her initial vaudeville tour by John Marchand, Robert Middlemass and Charles Campbell.

James J. Moran is a merry rogue who is reported to "stop every eye" in which he appears. Chinese comedians are so rare in American vaudeville they are a real treat when they do appear. The Chung Hua Comedy Four are entertainers who sing, dance and talk in English style as readily as they do in Chinese. The Three Sons represent the last word in musical comedies, and Della Ross and Marcello are a pair of European vocalists of international reputation. Fun on the trempolo and elevated bar is snatched by Rice, Sully and Scott. Lowe and De Marie open the bill in a tight wire act.

### POPULAR ENGLISH DRAMA TO BE PLAYED AT LYCEUM

"Jane Eyre," Favorite for Years Across the Pond Will Be Offered for This Week

"Jane Eyre," favorite melodrama of England, comes to the Lyceum theatre tonight, with the Toronto Players in the numerous roles. One of the most realistic and thrilling scenes in this famous old play adapted from the novel of the same name is the fire scene in the tower, represented in the fourth act. In this scene a crazed woman jumps from the burning tower to her death. The scene is well staged and works an audience to a high pitch of enthusiasm, so realistically is it handled.

The usual Wednesday and Saturday matinees will be played this week at the Lyceum.

Mrs. Adams who was on at the Lyceum theatre last Monday, is, understanding, preparing to wind up her stage career. She has consummated plans that will cover practically the remainder of her stage life. No actress has probably been so deeply loved by the American public as she has. She has lived closer to the heart of America than any of her rivals.

For the next three seasons Miss Adams will devote herself to plays by J. M. Barrie that are now in hand. After that she will appear in repertory and we shall once more have the opportunity to see her as Lady Darnley in "The Little Minister," as well as a number of other roles. It is understood that the remainder of her career will be devoted exclusively to the plays of Mr. Barrie—one of which, "The Legend of Lona," will be placed in rehearsal in December, when she plays her annual New York engagement.

## COMEDY OF MERIT IS BACHELOR'S HONEYMOON

Offering for Last Half of Week at Empire Furnishes Many Amusing Situations

A real comedy of merit is what can be said of "A Bachelor's Honeymoon" which is booked at the Empire for three nights. The play is full of clean-cut comedy and funny situations, two daughters—twins—and is completely unvarnished at the thought of his brother's marriage. His clumsy attempt to keep his newly wedded wife leads to some extremely ludicrous scenes. The leading parts are played by Eddie O'Brien and Miss Rose Ainsworth, who are supported by a capable company of well known players.

Your money back if you don't like it. A Bachelor's Honeymoon at the Empire theatre on October 2, 3, and 4.

The sweetest part of a kiss is just before biting; the sweetest part of an engagement is just before the proposal, and the sweetest part of married life just before the wedding.

# ATTACKS KILL FIVE PERSONS; TWENTY WOUNDED

## SHERIFF AND POSSE SHOT DEAD IN THEIR TRACKS

Drug-crazed Boys Captured  
and Lynched by Mob of Enraged Whites.

Harrison, Miss. Sept. 29.—Two drug-crazed Mulatto boys, brothers, began a reign of murder here yesterday morning. They killed the two best white men, four negro men, and a negro woman had been killed. Twenty persons were wounded and the two boys lynched. A serious clash between the races was prevented by the arrival on a special train of a company of national guardsmen from Natchez.

The trouble started about 2 o'clock Sunday morning, and continued unceasingly until 1 o'clock, when Walter Jones, the eldest of the two boys who started the firing, was lynched just after the soldiers arrived. His brother, Will Jones, had been shot and killed by citizens earlier in the day. Out on the street, the mob barricaded themselves in their homes, then began to emerge, and by noon the town was quiet. No more trouble is feared.

The dead: Sheriff B. H. Hammett, of Jefferson County, white.

Former Constable Keisley, white. Constable Freeman, of Fayette, Miss., white.

John Allen, Tom Weeks, Jesse Thompson, and Harry Miller, the two boys, negroes, killed during promiscuous shooting.

Walter and Will Jones, negroes, lynched.

The wounded: Orrin Gillis, former sheriff, white, shot in shoulder, and may die.

E. B. Appleby, white, conductor of the Nashville and Chattanooga railway, shot in breast, leg and arm, dangerous.

William Keisley, white, shot in hand.

William Dennis, white, shot in leg.

W. C. Houston, white, shot in leg. The shooting was started by Walter Jones, aged 20, in the negro quarry, where the negroes were digging for coal. He was shot and killed. Walter went to the home of his mother and aroused his three boys, who followed him as they proceeded through the main street of the little town, firing at every one in sight. Citizens fled from their slumbers by the shots, peeped out of the windows and then hastened to close, believing that a more serious riot was about to break out.

The two boys went to the home of former constable Frank Keisley, and when he responded to their call to join them, they killed him with a bullet aimed at his head by Walter Jones. Keisley's son William was shot in the face, and his brother, Harry, was shot in the arm. He received a bullet in one of his hands.

The Yazoo and Mississippi depot is near the Keisley home and the two negroes walked in that direction. A train had arrived from Natchez, and a few moments before Conductor Appleby was standing at the station when the boys appeared. Without warning, the two negroes fired on them and both fell. Then the negroes directed their fire at Constable Freeman, who was waiting for a train to take him to his father's fall, and he was shot in the arm. The two negroes fired into the train, terrorizing the passengers.

A sleeping car from Natchez to Louisville, which had arrived at Harrison, was fired upon by the two boys. The train was stopped at a station, and the two boys were taken to the station. The train was then allowed to proceed.

Balance of \$5,900.60 on Hand  
Which Will Be Utilized  
This Year.

Last week the attention of the commissioners was called to the fact that after all the plant walks proposed, no bid had been put down. It was said that there was still a balance on hand which might be used in laying additional walks where they are most needed to keep the citizens from walking in the mud. The city engineer was asked to prepare a list of streets where such walks might be put down to serve the most needed districts not now enjoying walks.

The following is the list prepared by the engineer and which will be acted upon by the commissioners as the available funds will permit:

East side 26th street, Stony Plain road, to Highway, 100 ft. wide.

East and west side of 25th street from Stephen to C.N.R., 80 ft.

South side Stephen from 24th to 25th, 100 ft.

## SASKATOON BEATS JAW RUGBY SQUAD

Plays Superior Football from  
Start to Finish and Win  
27 to 1.

Saskatoon, Sept. 29.—Displaying  
unquestionable superiority in every de-  
partment of the game, Saskatoon de-  
feated the Moose Jaw rugby team on  
Saturday by the score of 27 to 1.  
From the start to the finish the vis-  
itors were kept almost entirely on the  
defensive owing to the consistently ag-  
gressive work of the local back divi-  
sion. The game, however, was not the  
one-sided affair which the score would  
indicate. The boys just fought every  
inch of the way and made the locals  
extend themselves to the limit for every  
one of their 27 points.

Outside of the second quarter when  
the yellow and black by some strategic  
plays managed to secure a couple of  
touchdowns the scoring was of a meth-  
ical nature. In the first period the  
home-brews secured one goal, two  
tries and a kick to the dead line.  
Two tries, one of which was converted,  
and a dead line punt brought the  
scoring column up to 18 at half time.  
While the visitors got into the scoring  
column by a dead line kick. A goal, a  
try and a deadline were obtained in  
the third quarter while in the last per-  
iod Saskatoon added a safety touch and  
two punts to the deadline.

## DURNAN WINS SKULLING RACE FROM BOSTON MAN

American Leading Misjudged Course  
and is Overhauled and Beaten  
Five Lengths.

Toronto, Sept. 29.—Perfect knowledge  
of the course and the ability to stay  
in a race which won him the Ameri-  
can skulling championship in the first  
place, resulted in Eddie Durnan's de-  
feat of Frank Greer, of Boston, over  
a three mile course with a turn on To-  
ronto Bay Saturday afternoon. Dur-  
nan led at the finish by five lengths.  
The course was from Bankton's Point  
a mile and a half east. Durnan took  
a slight lead at the start, but Greer,  
rowing at a wonderful pace, soon  
passed, and led nearing the turn by  
two lengths. He, however, misjudged  
the location of the buoys. While Greer  
made a quarter turn and headed to-  
ward shore, Durnan was pulling down  
the lead of the American, and while  
Greer was turning Durnan had reversed  
conditions, and led by more than  
two lengths. Once ahead, Durnan hit  
a 25 clip and had seven lengths on the  
challenger at one stage of the race.

## MILWAUKEE WINNER IN AMERICAN ASSN.

Minneapolis Loses to Colum-  
bus and League Leaders  
Beat Louisville.

Minneapolis, Sept. 29.—Milwaukee  
clinched the pennant in the American  
association Saturday. Columbus ad-  
ded the Brewers, by defeating the Mil-  
lars in the first game of a double-  
header, and tying them in the sec-  
ond. The Brewers Saturday manag-  
ed to split even with Louisville, who,  
grudgingly strengthened, have been go-  
ing the wild fire lately, and it was  
expected that they would give Clark's  
men a fight.  
Despatches from Milwaukee declare  
that the tow his baseball man, and a  
reception beating anything that ever  
has been pulled off in that line in Mil-  
waukee, will be given the team when it  
returns home.

GIANTS ARE NOW  
SURE OF PENNANT  
The Philadelphia team was  
eliminated from the National  
league pennant race Saturday  
when it met defeat at the hands  
of Boston and the New York  
club is now the undisputed  
champions for the 1913 season.  
Although there has been lit-  
tle doubt for several weeks as  
to what the final result of the  
race would be the Giants had  
not absolutely clinched the pen-  
nant until Saturday. The Phil-  
lies could now win every game and  
New York lose its remaining  
games and the result remain  
unchanged.
